### Luckington to Sherston walk instructions

1. From The Street in Luckington, turn onto Chapel Row, which then becomes Church Road. Turn left at the signpost to the church and follow the lane towards the church. Go through the kissing gate and cross the churchyard, following the path round the back of the church.
2. Go through the gate and turn right onto a pebble lane. Shortly after, turn left onto a dirt lane, keeping the brook to your right. The lane then gives onto a street. Continue along the road and go through the hamlet of Brook End. Turn right onto the path next to the ford and continue straight ahead along the country lane.
3. After a short ascent, turn left into a field, following the signposts. Cross over the stile and cross the field, following the man-made path. Continue over the next stile and cross the following field, keeping the shrubs to your right and following the signposts dotted around the field.

4. Go through the kissing gate and continue along the river path. Go through the following kissing gate onto a woodland path, keeping the river to your left. Then, go through the next kissing gate, go over the bridge and cross the field, keeping the river to your right and aiming for the far corner.

*Detour to Sherston: You've reached the outskirts of Sherston and may wish to make a small detour to explore the village. Go through the kissing gate at the far corner of the field and turn right onto a road.*

5. Go through the kissing gate and turn left onto the road. Veer right up a driveway, following the signposts. Go through the kissing gate into a field, turn right and follow the man-man path, keeping the shrubs to your left. When the shrubs give way, turn left up the hill. At the top of the hill, keep the stone wall to your left.
6. Go through the kissing gate and cross the field, keeping the stone wall to your left. Go through the next kissing gate and continue straight ahead across the field, following the man-made path. Cross over the stile, turn left onto a country lane, then right onto the next lane and follow the lane to the end.
7. Turn right onto a road, then immediately left onto a track. Cross over the stile on your left into a field (the stile is hidden in the hedge at the base of a tall tree). Continue straight ahead along the field boundary, keeping the hedge to your left.
8. Go into the next field (there is no gate) and veer left to cross the field along the man-made path, aiming for the hole in the hedge. Cross over the stile into a field and veer left, aiming for the far left corner of the field. Go down the steps and through a kissing gate and turn right onto a country road. Veer right at the fork in the road and at the following intersection, you're back on The Street in Luckington.
